THE KINDERGARTENER'S at Appomattox Primary School have just completed a unit on nutrition. The purpose of Nutrition Education is to prepare students to make intelligent food choices and establish healthful dietary habits. Each class participated in a variety of activities that related to foods. Some of the activities included visiting King's Supermarket, enjoying a food tasting session, and having a nutritious breakfast prepared for them in the classroom. On November 19, 1980, Mrs. Catherine Miller's kindergarten class enjoyed a good breakfast that was prepared by Mrs. Miller, teacher; Mrs. Linda Wooldridge, teacher aide; and Kathy Bates, room mother.

Buckingham gets reassessment

Work has begun on the general reassessment of real estate being conducted in Buckingham County.

A Board of Assesors has been appointed by the Circuit Court consisting of the following members: Dr. Edgar Johnson, Chairman; Gordon Ragland, Sr., Secretary; C. L. Hardiman; Percy Gregory; and R. S. Ellis, III. The reassessment conducted by the Board will be effective for 1982 real estate tatas.

The general reassessment was called for by the Buckingham County Board of Supervisors. The last general reassessment was conducted in 1976.

Virginia Law requires reassessments to be conducted every four years, but a reassessment may be delayed one or two years if desired by the Board of Supervisors.

For the present cycle, the Board of Supervisors chose a five-year interval. State Law requires real estate to be assessed at its fair market value.

The Board of Supervisors decision to conduct a reassessment now was influenced by a State Department of Taxation study. That study showed the average real estate parcel was assessd at 78% of its estimated fair market value as of 1978.

The study also indicated some disparity between the assessment of various categories of real estate. During times of high inflation, it is expected that rapid changes in land values would increase the difference between the assessed value and the actual fair market value.

The Board of Supervisors has hired appraisers to assist the Board of Assessors with the reassessment. The appraiser will visit every parcel in the County, make an initial estimate of its value, and present that information to the Board of Assessors for its review.

Three members of the Board of Assessors will meet with the appraisers on an average of one day per week to review the appraisers' work.

The appraisers employed by the County are Fred and Robert Pearson. The Pearson brothers have worked with the Virginia Department of Taxation's Property Tax Division and performed work similar to that they will be providing for Buckingham County. The Pearsons' experience include work in the following localities: South Boston, Brunswick County, Green County, Washington County, and Halifax County. The Pearsons were chosen by the Board of Supervisors from Six appraisal organizations that submitted proposals to perform the reassessment.

The reassessment process will take approximately 15 months. The initial step will be the preparation of a sales study by the appraisers. That sales study will indicate the approximate price for which various categories of land and buildings have recently sold. Following the preparation of the sales tudy, the appraisers will visit each parcel of land if the County and provide their appraisal on the value of that parcel to the Board of Assessors.

Since there are approximately 9,000 real estate parcels in Buckingham County, this step in the assessment process will take approximately one year.

In the fall of 1981, the Board of Assessors will notify each landowner of the reassessed volue of their real estate. Each landowner will also have the opportunity to meet with the Board of Assessors, request a change in the assessed value, and present information to substantiate that request.

Following the hearings, the 1981 Land Book will be prepared. The Land Book will be recorded by the appropriate local and State officials as a permanent record. During the spring of 1982, the Board of Supervisors will adopt a budget for the County for the 1982-83 fiscal year.

The real estate tax rate for the 1982-83 fiscal year budget will be based on the values of this current reassessment. Real estate taxes, based on this reassessment, will be first due on December 5, 1982.

Buckingham County citizens are encouraged to assist the Board of Assessors by providing information to the Board or to the appraisers when they visit your property. The appraisers may be contacted by calling the County office swithboard, 969-4241, Extension 223.

State travel down in Oct.

Although travel by out-of-state passenger cars was up slightly, total travel on Virginia's major highways dropped in October for the 17th consecutive month, the Virginia Department of Highways and Transportation said this week.

Overall travel declined by 1.2 per cent compared to October, 1979, while travel by out-of-state passenger cars increased 1.5 per cent. It was the fifth straight month that out-of-state passenger car travel had increased, according to J. P. Mills, the department's traffic and safety engineer.

Travel by Virginia passenger cars was down slightly, less than 1 per cent.

Commercial travel also showed a decrease in October when compared to a year ago, being down 3.4 per cent.

Travel statistics were compiled from counts taken at 303 locations on the state's interstate, arterial, and primary highway systems, according to Mills.
